This is a corrected decision to the decision mailed May 04, 2010. The Office dismissed the initial request for PTA adjustment of twenty-nine (29) days as it relates to the IDS reduction. The applicant requested a determination of 267 days. Subsequent to the request, the patent issued with 441 days. Two hundred and three additional days were adjusted for the "B" delay.

The patent term adjustment is request is **GRANTED**. The Office will sua sponte adjust the PTA to 470 days.

Upon review it has been determined that the IDS met the requisite language under 37 CFR 1.704(d) to waive the reduction pursuant to 37 CFR 1.704(c)(8). The twenty-nine (29) day reduction has been removed.

The application is being forwarded to the Certificates of Branch for issuance of a certificate of correction. The Office will issue a certificate of correction indicating that the term of
